

A self-guided tour of Newcastle's inner city art galleries. At a leisurely pace, the Artscape ride alone should only take 1 to 1.5hrs but we recommend you allow at least half a day for cafe stops and gallery visits. We've mapped a safe route along shared paths, minor and less busy roads for reasonably experienced riders.

11km, mostly flat with one short climb, some minor and less busy roads, for riders with some experience.
